	Steady green for 5 secconds	Indicates that the device has switched to the TF mode
Battery status indicator	Steady red	Battery is charging
	Steady green	Battery is fully charged

IV. Preparation
Use the supplied USB cable to charge your portable speaker directly from your computer or device with a micro USB port.
Make sure that the speaker is fully charged before using it for the first time.
The portable speaker battery has to be initially charged for at least 8 hours. Thereafter, the battery will take 3 hours to recharge.
While charging, the LED glows red. When the battery has reached full capacity, the LED will change to green.
To turn on the speaker, press and hold the power button for several seconds. Press and hold the power button once more to turn off the device.

V. Pairing the wireless speaker with your smart device
1. Place your smart device and wireless speaker no more than ten meter away from each other.
2. Press the power button of the speaker for several seconds to turn it on.
3. Set your smart device to "discover" the wireless speaker. Upon powering on, a tone will be heard, the blue LED will start flashing, accompanied by a prompt notifying that the speaker has entered into the pairing mode.
4. Enabled Bluetooth on your device and choose **DOSS MagicBox** from the list.
5. If pairing is successful, the LED will change to steady blue for 5 secconds and your phone will confirm that the connection has been established. If the pairing process fails after 60 seconds, please repeat steps 1 through 5 described above.

VI. Answering and ending a call using your speaker or mobile phone
1. When there is an incoming call, the speaker will generate a tone and a verbal notification to alert you of this event.
2. Briefly press the Handset ▶❚❚◀ button to pick up, long press to reject. You may also press the answer button on your smart phone to take the call using the speaker.
3. To end a call, tap the Handset ▶❚❚◀ button once again. Likewise, you may also end the call directly using the command on your cell phone.
4. When listening to music using your smart phone, playback will resume automatically once the call has ended.
